Dear Mrs. Thatcher:

Thank you so very much for your nice personal note following your visit to Dallas. I was pleased to have arranged your visit to Las Colinas while you were in the area, and my wife and I were honored to have hosted you and your husband and daughter-in-law at that time.

We appreciate the leadership you provide not only to the United Kingdom but to the entire free world.

With very best wishes,

I am sincerely yours,

Dear Mrs. Thatcher,

Please accept my sincere thanks for a wonderful evening in Dallas and also for the chance to chat with you. I know your schedule is quite intense, and I'm very appreciative of having had the opportunity to meet you and to hear your very eloquent comments on some issues critical to us all.

I'm also very grateful for your very generous remarks regarding United Technologies and want you to know that we will continue our efforts to grow our relationship with the United Kingdom. We are indeed honored by your support.

Dear Mrs Thatcher,

Although I have written separately to Mark I could not let the occasion pass without saying how much I enjoyed meeting you in Dallas last week. I considered myself extremely honoured to be present at such a "family" event and thoroughly enjoyed the occasion.

The high respect and personal support which you have from the US business community was obvious and does much to help British businessmen in their relationships within the USA.

Incidentally, you mentioned to me the need for higher standards of business ethics. We one hundred percent support this - Grand Metropolitan always honours both the word and the spirit of the law/self regulation codes in all their activities.

Grand Metropolitan in its 25 years has already become one of Britain's top dozen companies - we are working hard to enhance this success throughout the world and to make Grand Metropolitan part of Britain's success story. You have our fullest support in all you are doing for Britain.

Best wishes,

Yours sincerely

Dear Prime Minister:

All of us who were guests at the dinner given by your son in your honor were much impressed with what we saw and heard. Of course, that was no surprise!

As I mentioned very briefly, there are -- in my view -- enormous opportunities for enhanced tourism and enlarged international commerce which would flow from greater development of aviation linkages between our two countries. Were your recent privatization of British Airways to be expanded by the introduction of a genuinely competitive air service and distribution environment in the United Kingdom, I believe the citizens of both countries -- and the airlines of both -- would benefit. We are actively pursuing these ideas with our government and yours and would, it goes without saying, welcome your support.

Again, we thank you for the opportunity to understand better why your citizens have so often chosen you as their leader.

Very truly yours,

ke

Dear Mr. Carlucci,

I am not sure to whom I should best express my gratitude for the provision of an aircraft for my visit to Dallas. But I would like everyone involved to know how deeply grateful I am for this generous gesture, which made it possible for me to spend a happy and relaxed weekend with my son and daughter-in-law in Dallas and see something of their home and daily life. Thank you very much for your help and kindness.

Dear Commissioner Favreau,

I should like you to know how very impressed I was by the excellent security arrangements made for the Commonwealth Heads of Government Meeting in Vancouver and say a word of thanks in particular for the excellent work done by the protection team assigned to me under Inspector Singbeil. They were outstandingly efficient, courteous and kind. Perhaps I shall have the good fortune to see some of them again at the Economic Summit in Toronto. Thank you so much for all you did to help with my visit to Dallas. I was delighted to be able to see exactly where Mark and Diane live: it makes talking on the telephone much less impersonal. I was also pleased to be able to see something of Dallas itself. I was very impressed by the overall confidence and energy of the city. Thank you also for all the kindness you have shown to Mark and Diane which I very much appreciate. It has been most good of you to take such an interest.

Dear Ambassador Roosevelt,

I am not sure to whom I should most appropriately write. But may I say thank you for your generosity in making available an aircraft for my private visit to Dallas earlier this week. It quite simply made all the difference and enabled me to enjoy my brief stay with Mark and Diane to the maximum. Indeed, I do not think I could have contemplated making the visit without your kind help in this way. I should be very grateful if my thanks could be passed on to all those involved in the arrangements for the flight and for my visit, and in particular to Mr. Baumgardner.

Your own dinner, the Retreat, the
contribution of a friendly atmosphere and
spirited discussion - all contributed greatly
to the success of the discussion. And may I add,
your own courteous and sensitive chairmanship

were a model of how to run a
large and diverse meeting. We all felt
we had an opportunity to express our

From everything I see and hear,

MEETING OF SENIOR OFFICIALS

Memorandum by the Commonwealth Secretary-General

The purpose of the meeting is to review the arrangements for the Heads of Government Meeting and to make recommendations for approval by Heads of Government at their first Executive Session, which will be at 11.15 am on Tuesday, 13 October.

2. Matters for consideration by Senior Officials are as follows:

(i) Conference Arrangements for the Heads of Government Meeting

These are set out in HGM(87)1. In that document it is stated that the timings of sessions would be considered by Senior Officials. After consultations with the host Government it is proposed that the following times be recommended, except for the Opening Session and where other items on the programme require an adjustment to the timing of sessions.

Morning sessions 0930 - 1300

Afternoon sessions 1500 - 1800

There will be refreshment breaks of 15-20 minutes during the morning and afternoon sessions.

(ii) Opening Session

The programme for this is in HGM(87)2. The seating plan for Heads of Delegation will be circulated separately.

(iii) Agenda

A Draft Agenda was circulated in my letter to Heads of Government dated 5 September. For ease of reference the Draft Agenda, together with a list of background papers, is reproduced at Annex 1.

Senior Officials will be asked to make final recommendations on the Draft Agenda with a view to submitting it with any comments that may be found necessary for approval and adoption by Heads of Delegation at their first working session on 13 October.

(iv) Timetable

Senior Officials are expected to put forward for consideration by Heads of Delegation a provisional timetable for guidance on the progress of their Meeting. A possible schedule is at Annex 2.

(v) Committee of the Whole and Communique

As in the past, it is expected that the function of the Committee of the Whole will be the drafting of the Communique to be submitted for consideration and approval by Heads of Delegation and initial consideration of specific subjects that the Executive Session may wish to remit to it. It is suggested that these might be:

It is anticipated that the Committee will begin its deliberations on the afternoon of Tuesday, 13 October at 3:00 pm.

The Committee will convene in Meeting Room 1 on the First Floor of the Vancouver Trade and Convention Centre. If, as in the past, the Committee divides to enable more detailed consideration of the issues before it, an additional room, Meeting Room 2, immediately adjacent to Meeting Room 1, has been set aside.

3. A note will be issued by the Secretariat as soon as possible after the meeting of Senior Officials to inform Heads of Delegation of the recommendations made, especially in so far as they affect any of the provisional arrangements already circulated. It is assumed that Senior Officials will also personally brief their Heads of Delegation on any important points that may arise.

CHOGM: MEETING WITH PRESIDENT JAYEWARDENE

The Sri Lanka High Commissioner telephoned this afternoon to say that, in the light of developments in Sri Lanka, President Jayewardene would no longer be able to attend CHOGM. The Sri Lanka delegation would be led instead by Mr. Hameed, the Foreign Minister. This meant that the lunch which President Jayewardene had intended to host on 14 October would fall. He sent his profound regrets.

I said that I was sure the Prime Minister would understand the reasons for President Jayewardene's decision not to attend, although she would be very sorry not to see him. She would also hope that he would keep her closely informed of developments in Sri Lanka.

Mr. Gandhi has invited the Prime Minister to dinner in Vancouver on the evening of Friday 16 October (the last night of CHOGM). I have not been able to establish much about the occasion except that Ramphal has also been invited.

The Prime Minister is free that evening. It is not particularly convenient for her to be tied up when there may be drafts of the Final Declaration to consider and her press conference and television interviews to prepare for. On the other hand, I think it would be a mistake to turn down an invitation from Gandhi and so recommend that the Prime Minister should accept.

I should be grateful if you could consult the Prime Minister overnight.

2. I very much agree that the Prime Minister should use Concorde to fly back from Dallas to London. It is quite in order for us to charge the difference between her Concorde fare and the Club Class fare to public funds on security grounds.

3. I also confirm that the expenses of the officials who will accompany the Prime Minister to Dallas will be a legitimate charge to public funds. You will no doubt consider whether or not it will be necessary for the Prime Minister to be accompanied by all three officials on her Concorde flight.

From the Private Secretary

SIR ROBERT ARMSTRONG

PRIME MINISTER'S VISIT TO DALLAS

Following the Commonwealth Heads of Government Meeting in Vancouver, the Prime Minister will pay a short private visit to Dallas to stay with Mark Thatcher. Details have been kept secret.

I should be grateful for your advice on costs arising from the visit.

The Prime Minister will travel by VC10 as far as Offut Air Force Base (which is on the return route to London). She will leave the VC10 there, and be taken by USAF aircraft to Dallas. She will also be flown by USAF aircraft on 20 October from Dallas to New York. No charge is being made to HMG for these flights. In Dallas, the Prime Minister will be the guest of Mark Thatcher.

A question arises over the cost of the Prime Minister's return flight over the Atlantic. This will be by commercial aircraft and details are being kept secret. But both the Special Branch and the JIC are recommending that, in order to reduce the risks inherent in commercial flight, the Prime Minister should travel by Concorde. This of course means less time in the air, fewer passengers to check on, less time for the fact of the Prime Minister's journey to be disseminated and acted upon. It is also relevant that the Prime Minister will have to be back for the beginning of the new Parliamentary session, and in order to make a statement on CHOGM. But the cost of flying by Concorde would, of course, be significantly greater.

My own view - to which the MPO subscribe - is that the right solution is to ask the Prime Minister to pay a single Club class fare (£708) and for the difference between this and the Concorde single fare (£1820) to be a charge to public funds. I should be grateful to know whether you agree that this is reasonable and defensible.

Bf

The Prime Minister will be accompanied in Dallas by a Private Secretary, a Personal Secretary and a Press Officer. They will open and run a small office in Dallas for the duration of the Prime Minister's stay. Their expenses are presumably a legitimate charge to public funds.

flight and arrival on
Wednesday. L-704 is intended -
the visit is
not. However

You will inevitably be asked questions on your return to London as to whether your visit to Dallas involved a cost to public funds.

we should have the security
officers bill as well.

Your own stay in Dallas will not involve any direct expense. There will be no additional cost for taking the VC10 to Offutt Air Force Base, since it is on a route to London and it has to land somewhere to refuel. The White House are providing an aircraft free of charge to take you from Offutt to Dallas and from Dallas to New York. The only expense will be your fare from New York to London.

We are arranging to bring you back by Concorde. This is desirable on several grounds:

- security (less time in the air, fewer passengers, less time for news of your journey to be disseminated and acted upon;
- ensuring that you are not out of contact for too long;
- the need to get you back to London in time to conduct essential government and Parliamentary business.

Equally it is of course more expensive than you would normally want to consider for a private journey. A single Concorde ticket is £1,826 while an ordinary Club class ticket is £708. My own view is that it would be perfectly defensible - for the reasons mentioned above which are widely understood - for you to pay the £708 and for public funds to meet the additional cost of Concorde. The MPO, with whom I have discussed it, accept this. You would be on firm ground in dealing with Dennis Skinner and others.

There will of course be other costs involved in setting up a small staff in Dallas and in security. But these are costs attached to the office of Prime Minister (even on holiday) and are an entirely proper charge on public funds.

Dear Gill,

PRIME MINISTER'S VISIT TO DALLAS

1. You will have seen (via Mike Horne) a copy of the telegram from Washington about the travel arrangements. I enclose a copy of my reply. I spoke to Sir Colin Marshall's office (his Personal Assistant knows of the visit - she is the only one in his office that does). She is going to find out from Sir Colin at what time the US airforce plane needs to arrive at JFK to link up with Concorde.

2. As I mentioned yesterday, Joyce Martin from the Embassy in Washington, who will be in Dallas at the time of the visit, suggested that about a dozen photographs should be brought out, a dozen pens for small gifts and perhaps one of the special notepads for the person in the hotel where the party will be staying, who has apparently been extremely helpful over the arrangements.

3. I shall send you a draft Admin tomorrow and will issue a final version while we are in Vancouver.
