THE PRIME MINISTER

Dear Mr. Foulkes,

When I wrote to you last week about Falmer's plant at Patna, the outlook was anything but bright for its future. I have just heard, however, that the company has received new orders and has withdrawn the redundancy notices which it issued to its workforce at Patna.

This is very good news indeed and is a tribute to Falmer's whole operation and products for which I have a very high regard.

Yours sincerely
Margaret Thatcher
