LONDON SW1A 0AA

26 August 1978

My dear Ronnie,

It was a strangely  
wonderous evening yesterday leaving  
so much to think about. I still  
find myself rather disturbed by it.  
But if they can do that without any  
ideals, then if we apply the same  
perfection and exactness to our message,  
we should move into great historic  
ground for an opera called Margaret  
in thirty years time! Love  
Margaret
