PU

As I think my secretary told you on the telephone yesterday I have sent your name in to Orpington. I do not know whether you would like to come back into general circulation for constituencies, but if you would like to come and have a talk with me about your position, I should, of course be very pleased to see you.

Meanwhile, I would be grateful if you could complete the attached Candidate's Form, in order that I may bring your biographical details up-to-date.
