THE PRIME MINISTER

23 October 1979

Dear Prime Minister,

I am sure you will have realised how greatly I enjoyed my all too brief visit to Luxembourg. Your hospitality was perfect and our talks were, as I hope you will agree, extremely useful. I am confident we have laid a firm basis for fruitful co-operation between our two Governments on matters of mutual interest in future.

Thank you so much for the several gifts you were kind enough to give me. The pair of dishes are delightful and will be a permanent reminder of a most happy occasion.

Warm regards,

Yours sincerely
Raymond Delisle

His Excellency Monsieur Pierre Werner.
