

10th February, 1981

Denis and I were so pleased that we were able to come to your Annual Meeting yesterday.

I was greatly impressed by the report by the Chairmen of the Education and Health Study Groups.

The Meeting went extremely well. I am particularly pleased to know that, under your Chairmanship, the Centre will continue to go ~~from~~ strength to strength.

I send to you and to Alfred my warmest thanks.

Professor Hugh Thomas.
