Prime Minister

Is it your wish to do any radio or television interviews during the Conference week.

You will remember that the options you have considered in previous years have been interviews with ITN and BBC news either recorded in London before you left for the Conference or at the Conference itself and a series of regional interviews with 4 or 5 ITV Companies recorded in quick succession immediately after your speech on the Friday.

There is no firm precedent for doing any or all of this. On some occasions you have take up all the offers and on others none of them.
