

Christmas Cards - 1981

1. Attached is a colour proof of your Christmas card for this year.
2. The adjustments to be made are:
  - (a) To reduce the red slightly
  - (b) Straighten the wording on page 2
  - (c) To include your feet!
3. Derek has also seen these proofs, and we both felt that the colour was alright. Do you agree, or would you want the printers to reduce the degree of red?
4. Bearing in mind these adjustments, would you approve the card for printing?

Many thanks.
