THE PRIME MINISTER

22 June 1979

Dear Monsieur Nequet,

I am most grateful for the splendid gift of pâté de foie which you so kindly sent to me at my hotel during my stay in Strasbourg for the European Council meeting. My husband and I will both enjoy this magnificent example of Strasbourg's most famous product, and it was very good of you to present us with this memento of my visit to your beautiful city.

With every best wish,

*Yours sincerely
Margaret Thatcher*

Monsieur Jacques Nequet
