Dear Mr. Kabery

Thank-you for your  
letter of congratulations on Frickley.  
It was awaiting me here when I  
returned from holiday on Saturday.

I did not know about the  
procedure for adopted candidates  
getting into debates and am  
very grateful to learn of it.

I am learning the hard way  
that an anti-woman prejudice  
among certain Association members  
can persist even after a successful  
deputation meeting but I hope it  
will subside when I have done

more work in the division.

Yours sincerely

Harold W. Thatcher.
