10 DOWNING STREET

THE PRIME MINISTER

11 February 1981

Dear Mr. President,

I much appreciated your kindness in writing about the Pilgrims Speech. I was glad to have had the opportunity, so soon after your inauguration, to re-emphasise the importance I attach to the relationship between our two countries. I greatly look forward to discussing this and other matters with you at the end of the month.

Yours sincerely
Raymond Barber

The President of the United States of America
