

HAYEK

18th May 1979

I was very touched by your kind telegram. It has given me great pleasure and I am very proud to have learnt so much from you over the past few years. I hope that some of those ideas will be put into practice by my Government in the next few months. As one of your keenest supporters, I am determined that we should succeed. If we do so, your contribution to our ultimate victory will have been immense.

With best wishes and renewed thanks.
