HOUSE OF COMMONS

Dear Miss Peter,

Thank you for your
kind letter about Derek Island Miss.
I enjoyed choosing the records
although it was difficult to get them
down to 5.

I have many happy
memories of her - particularly
of the things my father taught
me and of the many friends we

had. There was a real community
spirit there. We seemed to know
so much more about our neighbors
before we had television than we
do now!

Yours sincerely
