Dear Miss Thorne,

I was very touched to receive your kind and thoughtful letter. I am afraid I cannot have helped that much with your ordeal but I am so pleased that you enjoyed the party afterwards.

With all best wishes and I am so grateful to you for writing as you did.

I thought we both got through rather well! And attending the performance got far more publicity than the other things I do.

All good wishes,

Yours sincerely,

(sgd) MT

Dear Prime Minister,

I was so grateful to you for making our ordeal last Sunday, so much easier. Meeting you before the show made me feel so much more relaxed, especially as you had indicated that we would be going through it 'together' - It must have been two hours of agony for you with the press watching you every move - I thought you were magnificent and my admiration for you is even more huge than it was before.

Thank you for a truly memorable evening, for your consideration and warmth, and the good notice you gave both the play and my performance.

The N.S.P.C.C. and Stoke Mandeville Charities must be so grateful to you. £20,000! Terrific!

Yours very sincerely

Angela Thorne.
