Prime Minister:
Would you like to write
or shall I get something
typed?

To Prime Minister Margaret Thatcher.

Rosalynn & I had a
delightful vacation in the
Virgin Islands, & especially
enjoyed a visit to the B.V.I.
with Governor Jim Davidson
& his wife Daphne. Both they
& the Ministers showed us
typical British hospitality. Al-
though the royal family have
made a similar visit, no Prime
Minister has ever done so. I
recommend it highly! You need
a respite from your heavy duties.
Best wishes - Jimmy Carter
