THE PRIME MINISTER

12th June 1987

Dear Ronnie,

With every election that passes your own contribution to our success becomes greater and I want you to know how immensely grateful I am to you.

It is not just the role you play in speeches, unique though this is. You have a sound political instinct which manifests itself generally in your wise counsel.

I was particularly conscious of the theatre commitments which you had at this time and I am therefore all the more grateful to you.

With heartfelt good wishes from Denis and myself.
