

10 DOWNING STREET

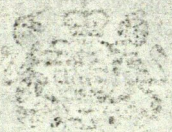

THE PRIME MINISTER

Personal. 31. May 1967.

Dear Sir Frank.

Thank you for your charming letter. I was very impressed with Qatar - particularly with the dynamism and wisdom of the Emir - a rare combination of qualities.

I am urging our industries to follow up my visit. There are so many opportunities - but we have to seize for them and then deliver the goods.

Some firms are doing extremely well - but there is more business to be obtained.

I am sure you will enjoy the evening at the Royal Society of Chemistry - it brings back many happy memories for me.

If we both keep going in support of everything we believe in - we shall win through - to the delight of millions who are waiting us to do just that.

Yours sincerely
Raymond Beckett
