THE PRIME MINISTER

My dear Marion and Hector,

A letter - belated I think
to thank you for a simply wonderful
time at Dunphail. Everything was
absolutely perfect and we loved
every moment. It was good to
see the Nicholson's again and also to
have the chance to see the lovely
estate you have acquired for the
boys.

We also had a very happy
time at Balmoral. The weather was

SS

No good that we had a barbecue
on the Saturday evening at the log
cabin.

As you know, I have had a
busy and difficult time since then.
I hate "doing" resolutions but they
they have to be done. In his heart
I think Jim really rather wanted
to try the Northern Ireland route and
like a true patriot he has risen to
the occasion and I understand has
received a very warm welcome.

Yours ever

Margaret
