My dear Margaret,

I hope it is not too late to congratulate you on your highly successful American tour. I do hope you will continue at Blackpool along exactly the same lines. It is what the Party wants & what the country needs.

Do you know Agamemnon's great speech in 'Iphigenia at Aulis', Act 1, Scene 3? You probably do, but I find it so always worth rereading (was that I am

suggesting that you quote  
from it!) on the subject of  
equality — the great big one of  
our time.

The very best of luck for  
the Party Conference. I am sure  
you will have a great triumph.

Yours truly  
Nival

My dear Margaret,

Compenda

My last letter was written from  
intemperance. On checking, I find that  
for 'Agamemnon' you shd read  
'Ulysses'.

Many apologies!
