VISIT TO SAUDI ARABIA

1. Arab/Israel

① Walid Khalidi  
② One of Nayors Freij (Baker)

Your visit to Washington. Signs of movement in American position. Our information is that Murphy's tour will be useful; he will be ready to discuss selection of acceptable Palestinians. Likely later to be ready to meet joint Jordanian/Palestinian delegation. US aim clearly to achieve opening of negotiations between Jordan, Palestinians and Israel.

2. Iran/Iraq

Ask King for his assessment. Any points of interest arising from your talk with Mr Gandhi. What news of UN Secretary-General's visit?

/3. Sudan

3. Sudan

Exchanged assessments. Situation precarious, not clear how far El Dahab in control. But moderate and pro-Western orientation seems confirmed. Hope Saudis will maintain their support.

4. Oil pricing

Describe your meeting with Yarmani and explain decisions on BNOC. Can't control level of production.

5. Tornado

Valued exchanges with Prince Bandar. Delighted to hear that King has decided to buy Tornado. Understand need for confidentiality: only tiny handful of people know. Need now to decide on timing of completion.

/Can

Can we finalise this now? Otherwise, risk of mounting speculation. Hope we can also finalise arrangements on Hawk.

6. British Caledonian

Hope they will be invited to run direct flights to Riyadh (as well as existing flights to Jeddah and Dhahran).

7. Consular cases

Welcomed generous amnesty last Ramadan. Helped dispense of many tiresome cases which attract damaging and disproportionate publicity. Similar gesture in future would be very welcome.

8. Visit to UK

Hope you will visit us as soon as possible.
