

10 DOWNING STREET

THE PRIME MINISTER

22 September 1982

Dear Mr. Suzuki,

As I leave Tokyo, may I express to you my deep personal gratitude for the pleasure and interest which these last few days have brought me.

The programme for my visit was, if I may say so, superbly conceived and was executed with the greatest possible efficiency and professionalism. Would you be so kind as to pass on my warmest thanks to all who were involved.

The understandings reached in our talks are valuable and constructive and I am sure that you, like I myself, will wish to translate them into practical benefits for both our countries.

May I also thank both you for the beautiful pearls which you sent and Madame Suzuki for the lovely roses.

My husband joins me in reiterating our gratitude for all you have done. We greatly look forward to seeing you in London.

Yours sincerely

Margaret Thatcher

H.E. Mr. Zenko Suzuki
