

# Cabinet or Budget 1982

Techies  
Industry

Public employees NIS  
- not British Steel & shipbuilders  
- EPL's reduced

Scotland

- Petrol in remote areas 9<sup>d</sup> petrol  
Less than end December 7<sup>th</sup> Dec  
prices

Trade

No precipitate tax reductions - CBI against  
modesty is right

NIS Allow private sector but not public sector  
- doubts about BA, BAA

Employment

CWS - voluntary orgs, tax awards - gets off books  
NIS - nationalised industries? clawback  
EPL argument

Agriculture

Interest rates downward trend?  
Oil price - red<sup>k</sup> - Dev price

Energy

Only danger - little elbow room next year  
Windfall of delayed taxes £1 Bn  
Gave to think of what he could do.  
Persuade CBI  
LA - none inclusion & use for that

DTSS

Presentation - incl recovery  
Social provisions - CWS not on register

WW

"Rate will get at it before CWS gets off  
the ground" - Liverpool will not welcome it!  
TUC biggest row of all

Charallos

£150 m - we tried

Employment

David Sheppard suggested this

Pym

Balanced - should emphasise jobs  
How many jobs? Petrol

Charallos

\* 1/2 million will be out of tax

RPI - about 0.8% compared with full revaluation 1.15%

George Young is stupid!

Chief Whip

- SDP joins? <sup>£8 Bn</sup> £4 Bn on PSBR  
Dykes, Knox <sup>Hicks</sup> - bellyaching bone joint  
on about social benefits  
Hed their fox shot

WW

If join SPD - then best quickly

Cham

PSBR = justification for Dykes, Knox, Hicks
