My dear Prime Minister

It was a tremendous boost  
to all my soldiers over here  
to see you with us today.  
With your immense responsibilities  
and very full programme, we  
are most grateful to you  
for giving us to read of  
your time, your interest  
and your understanding. I  
found it the most rewarding

to be able to tell you  
personally our views of  
what is going on.

The recent tragic casualties  
we have suffered are, as  
I told you, a predictable  
and inevitable result of  
policies we have lived  
with in the past. As a  
result of your personal  
interest, we are all full  
of hope for the future.

We all feel  
impressed by your visit.

With much gratitude

Yours sincerely

Tim Green
