Dear Mr. Epstein,

Thank you for your
letter. I am sure Bill Lewis

him to a luncheon which they are
arranging for me. Morgan Guaranty
are giving another lunch party &
David Rockefeller a dinner party so I hope

well covered. I hope to see
Arthur Burns in Washington, and of

administration.

I should very much like to
see you before I go to America so
that I am up-to-date with the
latest industrial & financial matters. After
I return I should be most grateful if
we could discuss the other organization
matters - both party and No. 10. etc.
It is most important that we get the

structure and the strategy right and
I have already come to the conclusion
that I shall have to take most of
the major decisions myself. It is
in fact that I also manage to
keep in touch with a number of
key figures in the "outside" world.
I am just off to Scotland
(after the Redwood by-election visit
to-morrow) but will get Caroline to
show you other to see if we can
