Dear Margaret,

I wanted just to thank
you both for the surprise Christmas
present. I was most touched, though
you should not have taken the
trouble!

Secondly, I just wanted to say
how much I've enjoyed the last
8 months, & how tremendously
satisfying & exhilarating it has been to

work for some one who has such
total commitment to changing the
direction of this country's future, &
the nerve to do the things that
have to be done, to that end.
It has been, and is, exciting &
rewarding.

With the very best wishes to you
both for the New Year & again,
many thanks,

Yours ever

John
