WEEKEND WORLD

I have now arranged with London Weekend TV's "Weekend World" for the interview on 6 January to be conducted in the White Drawing Room at No. 10. They would prefer to do it live rather than record earlier in the morning.

They would like Brian Walden to conduct the interview with the fireplace as background, using three cameras, and with you to the right of the fireplace looking at it.

I have arranged for the London Weekend team to come in at 7.00 a.m. to set up. They say they need to make such an early start to be sure that all is shipshape for the 1200 noon broadcast.
