My Dear Prime Minister

*Not attached*

Further to my recent letter, I am enclosing a background paper entitled "The Role of the United Kingdom in the Amendment of the Canadian Constitution".

This paper, prepared for the information of members of the Parliament of Canada, and for Canadians generally, includes a commentary upon the report of the U.K. Select Committee on Foreign Affairs entitled "British North America Acts: The Role of Parliament". The more general conclusions of the paper appear on Pages 3 and 4, while the conclusions relating to the Select Committee's Report are outlined on Page 37.

I am confident that when all aspects are carefully considered, British Parliamentarians will treat the resolution from their Canadian parliamentary colleagues with the same degree of understanding and co-operation that has been the hallmark of Anglo-Canadian relations.

Yours sincerely
