10 DOWNING STREET

From the Private Secretary

4 August 1980

Harvey Thomas informed us that you would be playing at the London Palladium in October and the Prime Minister and her husband would love to come and see you. I wonder whether Thursday 23 October would be convenient, as she has engagements on all the other evenings?

The Prime Minister has particularly asked me to send you her best wishes and she is very much looking forward to seeing you again.

CAROLINE STEPHENS

Yes. He is a very very nice man but not my favourite comedian!
