

8 October. Brighton. Margaret's speech. A bit corny
but did the trick I think. Generous refce to Ted Heath.
Too much ideology & not clear enough statement of what is
required in the short run (Nothing not necessary to secure recovery
however desirable, everything necessary to secure recovery, however
unpopular.) Appeared interview John Tusa at Brighton. On return
Nation wide, Lime Grove Bob M. Kenzie. Brakes failed (fluid
leak), rather exciting journey to Kennings in consequence, Now
without car.
