

HOUSE OF COMMONS
LONDON SW1A 0AA

27th Nov. 1987.

My dear John,

I like your proposition
about the Scotland & Wales Bills -
and agree with the reasoning.

Whether I can sell it to my team
is another matter - but I still have

a go. If we can't do it from
the front bench we can try from
the back benches and we might
even attract the support of

Adm.

I have had the enclosed letter about the Scotland & Wales Bill from John Boyd-Carpenter. I like his suggestion and agree with his reasoning. Could we discuss it?

Humphrey thinks the
Scot's may not like it.
