MEMORANDUM

NATIONAL SECURITY COUNCIL

State Dept. review completed

SECRET

December 10, 1979

MEMORANDUM FOR: ZBIGNIEW BRZEZINSKI  
FROM: NORTH-SOUTH (Funk) *FK*  
SUBJECT: Evening Report (U)

NLC Review Completed.

Activities

Attended meeting at State on their Detroit Conference on U.S. Policy in Africa. (U)

Attended State/AF meeting on contingency planning on Z-R sanctions and airlift, -- as the Lancaster House conference turns into a real cliff-hanger. We won't have any read-out until morning on what was said, if anything, between Vance and Thatcher on Z-R today. If the U.K. sends the governor before an agreement is signed, Moose will probably recommend that we go ahead and lift sanctions, -- but I feel the President should only state that we hope to lift very soon, and urge publicly that the PF get on board. I will follow this hour by hour tomorrow. (S)

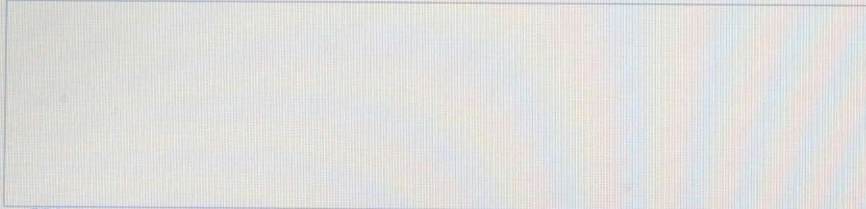

Attended swearing-in ceremony for Deputy Under Secretary of Labor for International Affairs at DOL. (U)

Talked to Stacey, AID, on being a bit more responsive to requests coming from new government in Equatorial Guinea. (C)

Press Contacts: None. (U)

Intelligence

Ghana/Israel. Embassy Accra reports that President Limann is considering opening up a diplomatic mission in Tel Aviv and is looking forward to the technological benefits of a Ghanaian relationship with the Israelis. (S)
