ORGANISATION CHART

Over a year ago I first prepared for the Chairman and Deputy Chairman a rough and ready organisation chart of Central Office. I have up-dated it at regular intervals: I now attach a copy for you.

Of course, a chart like this is fraught with every problem of acceptance in the sense of relative status, exact reporting lines etc.

However, I think you will find it has a certain utility about it.

The National Union and WNAC, together with details of the area structures have been deliberately left out.
