Dear Ronnie,

I could not have done without you. There is no better wordsmith in politics than Ronnie. But more than that, you have always been on hand as a friend to cheer Denis and I up the moment things were not going well. That is when you need friends and we could not have a closer one than you. We are both very fond of you and owe you a great debt of gratitude.

I hope that we shall be seeing plenty of you at No.10. You are part of the family so please just ring the office and tell them when you are coming in. I mean that.

Oh yes - I almost forgot, can you please continue to help? I hope so. After all we have only just begun.

The final party political was superb. It had inspiration and feeling. I'm sure it made a lot of difference.

Ronnie Millar Esq

Yours ever

Raymond
