

APPOINTMENTS: IN CONFIDENCE

ANNEX

BANK APPOINTMENTS

To remind you of the points to emphasise to the Prime Minister:

- (a) the Governor's recommended man has a distinguished international reputation - well respected in banking circles - a good track record in high level conferences etc;
- (b) on his appointment (or not) hinge a number of other changes the Governor wishes to make, some consequential on exchange control: these are meanwhile all blocked;
- (c) important, if possible, to get this settled before the Governor goes to China on 15th November.

[Perhaps mention Hector Harvey as the man to give a second opinion]
