THE PRIME MINISTER

5 March 1981

Dear Mr. Jones.

As I said in my speech, your dinner on Saturday evening and the Award with which I was presented there brought a memorable visit to a memorable conclusion. I am very sensible of the honour the Veterans of the OSS have done me in presenting me with the Donovan Medal. The Medal will always have a special place here.

I am also conscious of the great trouble which you must have taken over the arrangements for the presentation. They seemed to me admirable and I am correspondingly grateful.

All good wishes.

Yours sincerely

Raymond Stedman
