Dear Prime Minister,

R20

I am most grateful to you for giving me your time last Thursday.

I enclose a suggested list of guests for your proposed Downing Street dinner party; I hope it is short enough to permit a general discussion of the matters I raised and have tried to range widely over both institutions and particular interests. But it is a list of persons, not of "representatives"; no doubt other people would produce different lists, but I hope this will do for a start.

With all best wishes,
yours sincerely,

R. G. ,

The Rt. Hon Margaret Thatcher.
Prime Minister,
