Dear Pargand

I am off to India
tomorrow - and will give your regards to
Pisg, but before I go ~~back~~, it is right
that I should thank you for your
kindness & support in these last
few difficult months. And how least

for the kind things you said about
me yesterday.

I really do not think it has
gone at all badly & you - as is
right & fair - have come out of
it with enhanced reputation. You
deserve to.
