Dear Prime Minister,

This is just to thank you very
much for your kindness in inviting the Executive
to lunch with you at Downing Street to-day -
apart from the excellence of the food & wine, you
created such a happy, friendly & relaxed
atmosphere - in striking contrast to the last
occasion when your predecessor entertained us,
which was a total disaster!
The concensus after lunch rather surprised,
but of course pleased me!

With grateful thanks for such agreeable
hospitality. Yours ever Nigel.
