February 10th

My dear Prime Minister,

Very many thanks for your letter - it was a far better tonic than anything being dished out by my doctor!

All members of the SAS Regiment were exhilarated at the opportunity provided by the Royal Hospital dinner to pay tribute to your leadership; & all those present at the dinner were thrilled by your talk to them.

Yours sincerely,
David Stirling

From the Chairman

Personal.

Dear Margaret.

You must know this already.

However, as one of the more elderly contributors
at the dinner which the SAS gave for you
on Tuesday, I did just want to write & tell
you how much pleasure your presence, & your
splendid speech, gave to all concerned.

You did the Regiment great honour.

Very many thanks.

Yours ever
George.
