THE PRIME MINISTER

Dear Dorothy,

Thank you so much for your note about my visit to Somerville. Like you I thoroughly enjoyed myself and wished only that I had had more time to speak to you. Please do get in touch if you want to have a talk about the issue you are raising with Keith Joseph or indeed any other issue. I do so much value your advice and guidance.

I hope you find your meeting with Keith productive; I know he will be interested to hear what you say.

Yours sincerely  
Margaret Thatcher
