

PRIME MINISTER

UNITY HALL - NEWS OF THE WORLD

You have agreed to give an on the record interview to Unity Hall, Women's Editor of the News of the World on Monday morning (from 10.30).

This will not be a taxing occasion. Miss Hall says she is not in the least political and wishes to talk to you about you as a person.

She will use a tape recorder and the result should be a useful personality piece. She will be accompanied by a photographer but he will only need a couple of minutes at the outset to get a "two shot" to head up Unity Hall's piece.

I shall be covering the occasion.
