

10 DOWNING STREET

THE PRIME MINISTER

16 March '88

Dear Professor Lewis

Thank you for your kind letter. I enjoyed every moment of my visit to Robinson both the discussion and the architecture. And may I say I thought you arranged it all marvellously.

It is good to see something which is the creation of our times and which will be a fitting heritage for future generations.

JSP

Having a fool in both the
service and arts camps I thoroughly
enjoyed talking to staff & students.
Next time I hope I can stay
longer.

Please don't bother about the
demonstrations - the methods of the
protesters are a constant reminder of
the things I am fighting!

Be very good with

Yours sincerely
Raymond Charles
