MESSAGE TO THE PRIME MINISTER FROM PRESIDENT KAUNDA

PRIME MINISTER'S

PERSONAL MESSAGE

SERIAL No. T 39/83

Your Excellencies.

On my own behalf and that of my delegation I wish to express once again to your Excellencies and through you to Her Majesty The Queen, the Government and the friendly people of Great Britain our sincere gratitude for the warm reception and the generous hospitality accorded to me, Mrs. Kaunda and my delegation during our stay in your beautiful country.

We leave your historic City of London and indeed your friendly country convinced and satisfied of the positive and progressive developments in our bilateral relations. I have no doubt in my mind that the consultations that we had on bilateral relations and also on international affairs will enhance our very warm relations and serve as the guideline in finding ways and means of solving many international problems.

We are wishing you continued good health and indeed happiness and prosperity for your friendly people. It is my fervant hope that I shall continue to act closely with you and Her Majesty's Government to further develop and diversify the already warm and friendly relations existing between our two countries.

With God's blessings.

K.F. Kaunda

President of the Republic of Zambia
