10 DOWNING STREET

THE PRIME MINISTER

26 April 1983

Dear Mr Heiser.

I am writing to thank you and your colleagues at the Department of the Environment for all the work you have done in preparing papers for our discussion at E(LF) on Wednesday.

This has been an enormous effort on your part, and I think it is a great tribute to you all that you have done so much in so short a space of time.

I realise that there is much work ahead for us all on this subject but I wanted to let you know of my appreciation for what you have done already in this absolutely vital area of policy.

Yours sincerely  
Margaret Thatcher

T.M. Heiser, Esq.
