

10 DOWNING STREET

THE PRIME MINISTER

14th June 1983

*Dear Tony,*

May I thank you, and through you all our Agents, for the really magnificent work you all did leading up to and during the 1983 General Election Campaign. I could not be more grateful, and the excellent result was in large part due to the splendid work done in the constituencies. There was a wonderful team spirit; and in a real sense, this was your victory.

But we must not allow any trace of complacency to tarnish that victory. The Election of 1983 has shown that we have firmly broken the mould of British politics. Over the coming years, we must all work with renewed vigour, to strengthen our organisation and maintain support throughout the country.

My warm congratulations, and thanks.

With every good wish,

*Yours sincerely*
