

Dear Colleague, Margaret.

IF we can agree
on binding budgetary
restrictions of the
agriculture - policy -
can you agree on

the increase of "own means"
(in some formulation)

IF yes, maybe we
could settle on an amount
for the "British problem"

Rud. Lubbers

We can't agree on increase of
own resources without being sure
of a fairer distribution of the burden.
The whole long-term budget is a PACKAGE.
