

DAHL

9th August 1983

May I thank you most warmly for the beautiful flowers which you sent me following my recent stay in hospital. They have given great pleasure to me and to all who have seen them.

But most of all, I appreciate your thoughtfulness. At times like these the kindness of friends is the greatest tonic of all.

Dear Prime Minister

Please accept

This little posy from a neighbour
who is rightly relieved that you
have made such a good recovery.
The thought that something serious
and permanent might have happened to
you was too awful to contemplate.
Well done and please keep going.

Yours truly

[ROALD DAHL]
