My dear General

Thank you for your  
kind letter. I should have  
written to you long before this to  
say thank you for a wonderful  
evening.

We were most impressed with  
'The Heart of the Nation' - especially  
because everyone involved in making it  
put their own heart and soul into it.

To have a supper party before  
the performance was a very happy  
thought. and enabled us to learn so  
much more about the splendid  
work of SSAAFA. Our heartfelt  
thanks for everything you do.

Yours sincerely

Raymond Shenton
