THE PRIME MINISTER

Monday 17 Oct 1953.

My dear Phoe,

Thank you so much for remembering my birthday with the lovely gift of perfume. You are wonderful - you never forget even after so many years!

The party conference was not easy but there really were some splendid Ministerial speeches. And Blackpool has always been our

Jessamine conference place. Hank
came up for the last day and
Carol for the two earlier days.

Hope you are keeping well and
that all grandchildren are fit and
flourishing.

Yours
Lillian
