From the Private Secretary

Prime Minister

You will want to question Mr Walker about Mr MacGregor's ideas on a new Plan for Coal.

(i) Will it be an NCB document rather than a tripartite document?

(ii) To what extent will it commit, or be seen to commit, Government?

(iii) Has it been discussed with the Department?

(iv) Are the projections of output realistic?

(v) What is now the gameplan? Is the delegate conference on 11-12 July a target?
